B.E IN COMPUTER ENGINEERING (SECOND YEAR)
FR. CRCE BANDRA (W):- FIRST YEAR (8 CGPA)
MHT-CET: 93.018%
SSC: ST.FRANCIS HIGH SCHOOL BHY(E), :- 80%
HSC: SARDAR VALLABHBHAI PATEL COLLEGE DAHISAR (E):-55%

PROJECT

- Developed Rurealth, a telemedicine platform, designed to bridge the gap between rural communities and specialized medical care. The website features an intuitive interface allowing users to access medical consultations from specialists in cardiology, neurology, pediatrics, and more. (BNB-23/24)

- Developed Ettarra Coffee House, a vibrant coffee shopthemed website that offers an engaging digital experience for coffee enthusiasts and community members. This project focuses on building a user-friendly platform that seamlessly integrates the aesthetic of a cozy coffee shop with practical features like event creation and participation.

SKILLS

- Video Editing
- Teamwork
- Project Management
- Structural Analysis
- Leadership
- Passionate to learn new things
